

Rockwell Part

Rockwell Part - The business of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their customers' expectations for quality, service, technology and delivery. They believe in working in an environment that encourages the utmost integrity with empowered teamwork, together with a unrelenting pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They place great emphasis on being an environmentally conscious business and providing a safe environment for their staff to work in. In addition, they have implemented various programs in the corporation to be able to help articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whichever questions or comments, because they are glad to promote and share this policy with a greater knowledge of their efforts. They are extremely committed to preserving and improving the surroundings. AxleTech has an EHS program which not just protects the natural world but which also actively protects their workers and neighbors too.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles utilized for both commercial and military applications. These applications vary from construction equipment to airport ground support. AxleTech particularly designs axles in order to meet specific application demands. They have more than one thousand various axle specs in their current offering. With over one hundred years of history and experience, AxleTech proudly supplies the most complete solution for any of your axle needs. The business is well known in several military and commercial applications. They provide complete axle assemblies used for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have extra details which can be found in the "ISAS" product collection.
